Austin Planned Parenthood Fundraising Banquet

The lethal legacy of Cecile Richards.

With Cecile Richards as CEO, Planned Parenthood was responsible for more deaths than any other regime in the 21st century in the Western Hemisphere. Under her Planned Parenthood Federation of America leadership, 2006-2018, Planned Parenthood extinguished the lives of 3.5 million innocent pre-born girls and boys. Texans should be hit hard by this cruel and disgraceful reality. On July 15, 1957, Cecile was born in Waco, Texas. She was raised in Texas, mostly Austin. In 1996, she created the Texas Freedom Network to advance leftist Texas legislation. Her political skills brought her to the helm of the "healthcare" organization named Planned Parenthood in 2006. She reformed Planned Parenthood to a dramatic increase in abortions diminished health care.

When and Where?

Saturday, September 29, 2018

Our outreach/protest is **5:30 to 7 pm** or later. At the sidewalks of the entrance to:

Hyatt Regency Hotel

208 Barton Springs Road

The \$400 per plate banquet begins at 7 pm, after a reception from 6-7 p.m. welcoming Cecil Richards back to Texas.

Pro-Life Waco will supply signs. Or, you can bring your own.

Anything special happening?

Between 6 and 7 p.m. an airplane will circle the Hyatt Regency Hotel and Downtown Austin with two bill board messages: "Stop Planned Parenthood" and "Abortion Hurts!". This will be the first use of an aerial billboard in life-defender outreach in Texas. Don't miss this historic event. The aerial display has been arranged by Pro-Life Waco.

Let's challenge Cecile Richards and Planned Parenthood in remembrance and honor of babies lost in this holocaust. **Can we get 350 life-defenders to stand in the public square on September 29?** Each can represent 10,000 babies killed under Cecile Richards from 2006 through 2018.
