

## Now You Know!

**Bank of America funds Planned Parenthood through 100% Matching Grants for employee contributions to Planned Parenthood.**

**No BOA \$\$ for Bank of America**

**#BOAoutreach**

**Planned Parenthood Federation of America committed 355 thousand abortions in the year ending June 30, 2020. This was an all-time high. Planned Parenthood receives over \$500 million of your national & state tax dollars each year. Let's work together to cut off PP funding from governments AND business supporters like BOA.**

**We call for the the removal of Planned Parenthood from BOA's matching grant program!**

## Shocking facts have been uncovered about Planned Parenthood

Pro-life undercover videographers from the Center for Medical Progress produced over a dozen incriminating videos of Planned Parenthood in 2015. The project director was David Daleiden. Planned Parenthood Federation of America (PPFA) hired crisis management firm to squelch and spin the facts.

Efforts are underway to defund Planned Parenthood from tax dollars **and private donations**. #BOAoutreach is part of local and national effort to defund Planned Parenthood and educate the public about Planned Parenthood. Do you have one or more accounts with an enabler of Planned Parenthood? **You do if your bank is Bank of America.**

### Key revelations from CMP undercover videos:

**1. Planned Parenthood has harvested and sold fetal organs.** The Planned Parenthood videos show more than one abortionist haggling over prices for fetal organs. It is illegal to sell fetal tissue for a profit.

Planned Parenthood's "Top Doc", Deborah Nucatola, discusses fetal organ harvesting over lunch.

**2. Abortion providers sometimes use the cardiotoxic drug digoxin to kill babies in the womb.** This is revealed by Dr. Deborah Nucatola. Dr. Nucatola was the Senior Director of Medical Services for Planned Parenthood Federation of America. She was PPFA's highest ranking physician. "There's a group of people who just use it so they have no risk of violating the Federal Abortion Ban."

**Abortion is bad business.**

**3. Planned Parenthood medical personnel talked jokingly about aborted babies.** Planned Parenthood's Dr. Mary Gatter joked that she wanted a "Lamborghini" in exchange for fetal organs when negotiating prices. Dr. Gatter served as Medical Director for Planned Parenthood Pasadena and San Gabriel Valley.

**4. "Abortions" can result in live births.** Perrin Larton, Procurement Manager for Fetal Tissue for Advanced Bioscience Resources, a Planned Parenthood contractor, explained what she encountered herself. "I literally have had women come in and they'll go in the O.R. and they're back out in three minutes, and I'm going, What's going on?"

**5. One baby born intact had its face cut off for brain harvesting.** Holly O'Donnell, a technician for Stem Express, explained for a nearly intact late-term fetus aborted at Planned Parenthood's clinic in San Jose, she was instructed to harvest brain tissue from a dead fetus.

### What can YOU do about BOA & PP? A lot!

**#1 Complain to your BOA branch manager** (in person or with a written message in an envelope).

**#2 Close your BOA account(s).** And let your branch manager know why in person or by written message. You can also send a message to the national Headquarters of BOA: 100 N Tryon St, Charlotte, NC 28255

**#3 Contact your friends and let them know about BOA support for Planned Parenthood,** which committed 355,000 abortions in 2020.

**#4 Complain to BOA headquarters 800-218-9946**

**Planned Parenthood actions reveal a heartless brutality that should disqualify Planned Parenthood from support from Bank of America or any business.**
