

Planned Parenthood of Greater Texas

Care. No Matter What.

For more than 70 years, Central Texans have trusted Planned Parenthood for high quality, affordable health care. Its health care services include: birth control (including emergency contraception), breast health and cervical cancer screenings, colposcopy and treatment of abnormal cervical cells, HPV vaccine, rapid HIV testing for men and women, testing and treatment for sexually transmitted infections for men and women, urinary tract and vaginal infection treatment, well woman exams and more. Planned Parenthood's skilled health care professionals are dedicated to offering medical care for men and women that is high quality, low-cost, confidential, non-judgmental

and easy to schedule. Planned Parenthood accepts private insurance and Medicaid. If you're in need of financial assistance, ask about the patient assistance fund.

Ridgecrest Retirement & Health Care

*Compassionate. Accountable. Respectful.
Integrity. Needed. Genuine*

Ridgecrest Retirement & Health Care is a premier retirement community for independent living, assisted living, skilled nursing, rehabilitation and long-term care. With a beautiful property landscaped with large oak trees and rooms with luxurious accommodations, residents will feel at home when they join the Ridgecrest family. In addition to the comfortable surroundings, residents have several options of care to accommodate their required level of care. Ridgecrest offers spacious apartments to its independent living residents and a variety of different sized residential suites to residents who require more assistance in assisted living. The skilled nursing center offers private and semi-private

rooms where nurses are available 24 hours a day. Whether you need rehabilitation to get you back on your feet or long-term nursing care, Ridgecrest can help. Whatever level of care required, families of residents can enjoy peace of mind knowing that the quality and level of care needed by their loved one will be provided. Ridgecrest is a beautifully designed health care community where residents can live life to its fullest.
